

ASCP CONCRETE PAVEMENTS FORUM

BRISBANE

Wednesday 10 April 2019 4.30 pm to 6.30 pm

OJW room, Level 12 S Block

QUT Gardens Point campus, Brisbane

Parking is available in P Block or in the Under Freeway Carpark in Gardens Point Road

Concrete Road Pavement Value and Asset Preservation

ASCP Gold Corporate Members

ABOUT THIS FORUM

The modern concrete road pavement produces a high quality, heavy duty asset at low initial cost, with low maintenance requirements, and with high performance properties.

There are many major concrete road pavements in NSW which are now reaching their design lives and which have demonstrated high performance over that period. This forum will present concrete road pavement value information and discuss pavement performance properties including ride, skid resistance and low noise options.

Asset preservation interventions are required as assets age. Where pavement repairs are required, the advances in *rapid repair* technologies enable such repairs to be carried out on concrete pavements with minimum interruptions or delays to users. If required, modern *diamond grinding* techniques can restore surface properties including skid resistance and surface ride quality, and can provide low road/tyre noise qualities to a new or ageing surface.

As a pavement continues to age towards its design life consideration may be given to its eventual replacement, especially where traffic loadings and frequencies have exceeded the original design considerations. Rather than dispose of the remaining value in the existing asset, *concrete overlay* options can provide very cost-efficient means to significantly extend the life of the asset and to increase its load carrying capacity if required. These options can be completed in much shorter construction times than full replacement, thus minimising road user delays.

Presenters

Todd Myers Director, TSM Civil Project Management and President, Australian Society for Concrete Pavements.

Justin Moss Associate Technical Director & Team Leader (Pavements), Arcadis and Member of the National Executive, Australian Society for Concrete Pavements.

Program

4.30 pm Registrations
5.00 pm Forum presentations
6.15 pm Discussion period
6.45 pm Refreshments will be served until 8.00 pm closing

REGISTRATION

Closes Friday 05 April 2019. This is required for finalising catering numbers.

Register through the ASCP web site www.concretepavements.com.au.

Select 'Events' tab - select this event - click 'Register' button.

FEES

Members of ASCP: no fee.

Non-Members: \$125.00 (GST inclusive).

A Tax Invoice will be issued on payment.

No refunds for cancellations after 05 April 2019, but substitute names will be accepted.

PAYMENT OPTIONS

Credit Card

On website registration, select 'PayPal' and use your MasterCard or Visa Card.

Direct credit

Pay directly to ASCP St George Bank Account

BSB: 112 879

Account No: 155 778 722

PLEASE PUT YOUR NAME IN THE REFERENCE FIELD SO WE CAN IDENTIFY YOUR PAYMENT

Cheque to

Australian Society for Concrete Pavements
129 Grandview Drive, Newport NSW 2106

CONTINUING PROFESSIONAL DEVELOPMENT

Attendance at this event may be eligible for credit towards Engineers Australia and other organisations' Continuing Professional Development requirements.

ASCP SILVER CORPORATE MEMBERS

ASCP BRONZE CORPORATE MEMBERS

ASCP CORPORATE MEMBERS

ASCP Corporate Members support our aims and objectives and contribute through participation, sharing of technical and industry information, and financial contributions.

Corporate Members are entitled to representative members, discounts on other memberships and event fees, discounts on Grey Card course fees, and discounts for exhibition spaces at events. They are recognised on our web site, event brochures and newsletters.

To become an ASCP Corporate Member, visit our website www.concretepavements.com.au and select the 'Sponsor' tab.
